

Making Decisions

One of the most practical skills you can develop in life is to become a great decision maker. King Solomon was called “Solomon the Wise” because he was a great decision maker.

Solomon was just twelve years old when he became king, and he was very nervous about how he would make all the decisions a king needs to make. One night God appeared to Solomon in a dream. He told Solomon he would give him anything he asked for. Solomon asked God for wisdom.

God wants you to become a great decision maker too.

We have spoken about how God wants you to become the best-version-of-yourself and live a holy life. This is simply not possible unless you get really good at making decisions.

Remember, God doesn't expect you to become wise and learn to make great decisions all on your own. He gives you guidance. One way God guides us is by giving us laws. God gives us directions to follow, which are designed to help us live happy and holy lives by guiding us to make great decisions.
