

The Best Way to Live

Moses was a great leader chosen by God to lead the Israelites out of slavery in Egypt. The Israelites were God's chosen people, and he blessed them by taking care of them.

God helped the Israelites escape from slavery in Egypt by parting the Red Sea. When the people were hungry, he sent them special food from heaven called manna. When they were thirsty, he made water come out of a rock for them to drink. And God led them to the Promised Land, a fabulous country filled with food and fresh water, where they could all live together as an extended family.

But along the way, the people became restless and ungrateful, began complaining, and turned their backs on God in lots of ways. They were also arguing with each other about what was the best way to live.

And yet, God did not give up on his people. Even though they had turned their backs on him and sinned against him, and even though they were not being the-best-version-of-themselves, he gave them another chance.
